

PCT/DE03/00025 filed January 8, 2003

R E M A R K S

In the Office Action, the Examiner required that this application be furnished with sheets of drawings. No drawings were provided with the original filing of this application, and none were referred to in the specification.

Provided herewith are five original sheets of drawings, each sheet presenting a single drawing figure.

The specification is amended to make reference to the drawing figures. The reference includes a Brief Description of the Drawing, and the insertion of reference numerals corresponding to reference numbers found in the figures.

This is believed to meet the requirements of the Examiner. The material presented in the drawing corresponds to subject matter already addressed in the specification, so that no new matter is presented.

An action on the merits is requested.

Respectfully submitted
